

## Award winners of the 5<sup>th</sup> Yazd International Congress and Student Award in Reproductive Medicine

### **E. Rahmani**

**Affiliation:**

Department of Obstetrics and Gynecology, Bushehr University of Medical Sciences, Bushehr, Iran.

**Title:**

Assessing the efficacy of aspiration and ethanol injection in recurrent endometrioma before IVF cycle

### **M. Ghasemzadeh-Hasankolaei**

**Affiliation:**

Department of Stem Cells and Developmental Biology, Cell Science Research Center, Royan Institute for Stem Cell Biology and Technology, ACECR

**Title:**

In vitro generation of male germ cells from ram marrow-derived mesenchymal stem cells

### **Z. Zandieh**

**Affiliation:**

Department of Anatomy, School of Medicine, Tehran University of Medical Sciences, Tehran, Iran.

**Title:**

Hormonal regulation of TLRs in human fallopian tube cells

### **M. Zahiri**

**Affiliation:**

Department Anatomical Sciences, Faculty of Medical Sciences, Tarbiat Modares University, Tehran, Iran

**Title:**

Comparing the efficiency of different culture systems on proliferation and purification of the spermatogonial stem cells from obstructive azoospermic patients

### **I. Halvaei**

**Affiliation:**

Department of Embryology, Research and Clinical Center for Infertility, Shahid Sadoughi University of Medical Sciences, Yazd, Iran.

**Title:**

The effect of immature oocytes quantity on ICSI outcome

### **Sh. Mohammadi**

**Affiliation:**

Department of Anatomy and Cell Biology, Faculty of Medicine, Mashhad University of Medical Sciences, Mashhad, Iran.

**Title:**

Does  $\alpha$ -Tocopherol and L-carnitine increase CatSper expression in aging mouse testis?

### **M. Omid**

**Affiliation:**

Research and Clinical Center for Infertility, Shahid Sadoughi University of Medical Sciences, Yazd Iran.

**Title:**

Zona pellucida birefringence and meiotic spindle visualization of human oocytes are not influenced by in-vitro maturation technology

### **T. Jahaninejad**

**Affiliation:**

Department of Medical Genetics, Research and Clinical Centre for Infertility, Shahid Sadoughi University of Medical Sciences, Yazd, Iran.

**Title:**

StuI polymorphism on the androgen receptor gene is associated with recurrent spontaneous abortion

## Award winners of the 5<sup>th</sup> Yazd International Congress and Student Award in Reproductive Medicine

### **S. Azizollahi**

**Affiliation:**

Department of Anatomical Sciences, School of Medicine, Tehran University of Medical Sciences, Tehran, Iran.

**Title:**

Therapeutic effects of Spermatogonial stem cells transplantation on ischemic testicle following unilateral testicular torsion in mice

### **E. Amirchaghmaghi**

**Affiliation:**

Department of Immunology, School of Medicine, Isfahan University of Medical Sciences, Isfahan, Iran.

**Title:**

The role of VEGF and VEGF receptors in recurrent spontaneous abortion

### **A. Shahedi**

**Affiliation:**

Department of Anatomy, Shahid Beheshti University of Medical Sciences, Tehran, Iran.

**Title:**

The effect of vitrification on ultrastructure of human in-vitro matured germinal vesicle oocytes

### **A. Nabi**

**Affiliation:**

Research and Clinical Center for Infertility, Shahid Sadoughi University of Medical Sciences, Yazd, Iran.

**Title:**

Prolonged incubation of processed human spermatozoa will increase DNA fragmentation

### **T. Farajkhoda**

**Affiliation:**

Department of Midwifery, School of Nursing and Midwifery, Shahid Sadoughi University of Medical Sciences, Yazd, Iran.

**Title:**

Ethical performance in delivery of sexual and reproductive health services: A Delphi study focused on the right of confidentiality

### **S. Janati**

**Affiliation:**

Research and Clinical Center for Infertility, Shahid Sadoughi University of Medical Sciences, Yazd, Iran.

**Title:**

Effect of calcium ionophore on fertilization and pregnancy rate in infertile patients with teratospermia candidate for intracytoplasmic sperm injection

### **A. Zarei**

**Affiliation:**

Infertility Research Center, Shiraz University of Medical Sciences, Shiraz, Iran.

**Title:**

Evaluation of intrauterine injection of recombinant human chorionic gonadotropin before embryo transfer in improvement of implantation and pregnancy rates in in vitro fertilization/ intracytoplasmic sperm injection: a prospective randomized controlled trial

### **E. Mangoli**

**Affiliation:**

Department of Biology and Anatomical Sciences, Shahid Sadoughi University of Medical Sciences, Yazd, Iran.

**Title:**

Effect of diabetes on sperm parameters and chromatin quality in mice
