

Award winners of the 6th Yazd International Congress and Student Award in Reproductive Medicine

A.Agha-Rahimi

Affiliation:

Department of Anatomy, School of Medicine, Iran University of Medical Sciences, Tehran, Iran.

Title:

Artificial seminal fluid preserves human sperm quality in vitrification program: An electron microscopy study

FS. Amjadi

Affiliation:

Department of Anatomy, School of Medicine, Iran University of Medical Sciences, Tehran, Iran.

Title:

Proteomic profile of human endometrium in normal women compare to polycystic ovarian syndrome patients

M. Montazeri

Affiliation:

Department of Human Metabolism, Academic Unit of Reproductive and Developmental Medicine, Level 4, The Jessop Wing, Sheffield, UK.

Title:

Activation of Toll-like receptor 3 reduces actin polymerization and adhesion molecule expression in endometrial cells, a potential mechanism for viral-induced implantation failure

M. Bazrgar

Affiliation:

Department of Genetics at Reproductive Biomedicine Research Center, Royan Institute for Reproductive Biomedicine, ACECR, Tehran, Iran.

Title:

Preimplantation response to genome instability and prenatal status of genome integrity

M. Golestan Jahromi

Affiliation:

Research and Clinical Center for Infertility, Shahid Sadoughi University of Medical Sciences, Yazd, Iran.

Title:

New insight into endometriosis pathogenesis, recurrence and treatment approach

A.Raberi

Affiliation:

Department of Obstetrics and Gynecology, University of Oxford, Oxford, UK.

Title:

Comprehensive chromosome screening of single sperm using a whole genome sequencing technique

S. Miraj

Affiliation:

Department of Obstetrics and Gynecology, School of Medicine, Shahrekord University of Medical Sciences, Shahrekord, Iran

Title:

Efficacy of transvaginal perfusion of granulocyte colony stimulating factor on recurrent implantation failure: Randomized control trial

F. Arabjahvani

Affiliation:

Research and Clinical Center for Infertility, Shahid Sadoughi University of Medical Sciences, Yazd, Iran.

Title:

Transvaginal perfusion of granulocyte colony stimulating factor for infertile women with thin endometrium in frozen ET program: A non-randomized clinical trial

Award winners of the 6th Yazd International Congress and Student Award in Reproductive Medicine

Sh. Ghazali

Affiliation:

Research and Clinical Center for Infertility, Shahid Sadoughi University of Medical Sciences, Yazd, Iran.

Title:

Efficacy of motile sperm organelle morphology examination (MSOME) and sperm head vacuoles evaluation in conventional IVF versus ICSI cycles

BS. Lashkaria

Affiliation:

Academic Unit of Reproductive and Developmental Medicine, Department of Human Metabolism, Medical School, University of Sheffield, Sheffield, UK.

Title:

Short-term culture of human ecto-cervical epithelial cells for genomic, proteomic and functional studies

Sh. Tarighi

Affiliation:

Tabriz University, Tabriz, Iran.

Title:

The viability rate of ovine spermatogonial stem cells after cryopreservation in different concentrations of FBS

T. Artimani

Affiliation:

Department of Anatomy, School of Medicine, Hamadan University of Medical Sciences, Hamadan, Iran.

Title:

Association between nuclear receptors of estrogen and progesterone with adiponectin receptors in granulosa cells of patients with poly cystic ovary syndrome

S. Ashourzadeh

Affiliation:

Research and Clinical Center for Infertility, Shahid Sadoughi University of Medical Sciences, Yazd, Iran.

Title:

GDF-9 supplementation improved embryo formation rates in clinical IVM program

M. Farid Mojtahedi

Affiliation:

Research and Clinical Center for Infertility, Shahid Sadoughi University of Medical Sciences, Yazd, Iran.

Title:

Effect of single dose GnRH agonist on pregnancy outcome in frozen-thawed embryo transfer cycles

J. Ghasemzadeh

Affiliation:

Research and Clinical Center for Infertility, Shahid Sadoughi University of Medical Science, Yazd, Iran.

Title:

Sperm chromatin condensation, DNA fragmentation and apoptosis in globozoospermic patients

S. Safari

Affiliation:

Research and Clinical Center for Infertility, Shahid Sadoughi University of Medical Sciences, Yazd, Iran.

Title:

Does cosmetic micromanipulation of vitrified- warmed preimplantation embryos enhance pregnancy rate?
